

Inverter Generator HW1000i

Inverters: Truly Portable Power

When you are ready to go camping, tailgating or just need a portable power supply, the Honeywell HW1000i provides efficient, quiet and clean power for all your recreational needs. Producing 900 watts of power and weighing only 32 lbs., this gasoline powered unit will run 5 hours on a full tank and provides one, 120V, AC outlet.

The HW1000i is an inverter generator so it provides clean power to run high performance electronics like TV's and computer equipment. For portable power you can take anywhere, the Honeywell HW1000i is just the right size for you.

Features

- Inverter Technology - Lightweight, compact design, quiet operation and clean power.
- Smart Start™ - Comes with step-by-step starting controls and 24-hour instructions at 1-888-RECOIL-8.
- Overload Protection - AC indicator light.
- Economy Mode - Option to save fuel and further reduce noise.
- Built in Handle - Offers complete portability.
- Durable - Backed by a 2-year limited warranty.

¹ To power a combination of these, refer to the wattage chart in your owner's manual.

² No load, 7m from front of unit, Efficiency Mode ON.
